APPLICATION	Residential & Commercial	High-end, Architectural/Commercial
OTHER ATTRIBUTES	Wide range of colors & gloss options	Excellent chalk & fade resistance

DURA TECH™ 5000: A premium 70% Fluoropolymer (PVDF) paint system.

DURA TECH™ mx: A premium Fluoropolymer (PVDF) Pearlescent paint system.

VINTAGE® COATED METAL: TruZinc® G90 substrate with a FEVE paint system and graffiti-resistant qualities.

*** AVAILABLE IN ALUMINUM .040" ONLY:** Stocked in Matte Black and Regal White, and is available in 48" x 10' flat sheet.

Material is painted on both sides. One side is Matte Black and the other is Regal White.

¹ BATCH SENSITIVITY: Prints and metallic paint systems are batch sensitive (may have color variation) and are directional in nature. Different batches are not to be mixed on projects. AEP Span recommends requesting a sample before ordering to ensure color accuracy. AEP Span is not responsible for color variations.

OIL CANNING: All flat metal surfaces can display waviness commonly referred to as "oil canning". Oil canning is an inherent characteristic of metal products, not a defect, and therefore is not a cause for panel rejection.

SRI values in accordance with ASTM E1980 and are based on independent testing. Cool Roof Rating Council (CRRC) performance values for CA Title 24 are based on color families and will differ from those listed in table.

REPRESENTATION OF COLORS MAY VARY DUE TO PRINTING LIMITATIONS

Sample color chips are available upon request. Consult your AEP Span representative for more information.

SPECIALTY PRINTS, ALUMINUM, CUSTOM COLORS, AND OTHER GAUGES AVAILABLE AS SPECIAL ORDERS
